PowerMax

PMG Series

Inverter Generators

PowerMax PMG Series Portable Inverter Generators are a versatile and rugged source of alternative power.

Features include:

- Stable, Pure Sine Wave – 120Vac
- Safe for electronic equipment
- Lightweight Sleek Impact Resistant Design
- Quiet Operation <59 – 69 Decibels
- EPA and CARB Certification / Bonded Ground

			PMG-2300i	PMG-4500i
	Rated Frequency/Hz		50/60/50 & 60	50/60/50 & 60
	Rated Voltage/V		230/120/100	100/120/220/230/240
	Starting Watts/kW		2.3	4.5
	Rated Power/kW		1.8	3.5
	Power Factor		1.0	1.0
	AC Output Quality		JB/T 2820 G1	ISO85281 G2
	THD/%		≤1.5	≤5
	Noise Level dB/LpA/4m (3/4 load)		68	65
	DC Output/V-A		12-8.3	12-8.3
	USB Output/V-A			5-3
	Overload Protect	DC	Non-Fuse Protector	Non-Fuse Protector
		AC	Control By Inverter Overload Protect Program	Control By Inverter Overload Protect Program
Engine	Engine		H80G	170FD-3
	Engine Type		Single Cylinder, 4-Stroke, Forced Air Cooling, UHV	Single Cylinder, 4-Stroke, Forced Air Cooling, UHV
	Displacement/cc		79	212
	Fuel Type		Unleaded Gasoline	Unleaded Gasoline
	Fuel Tank Capcity/L		3.7	10
	Continue Running Time (at rated power)/h		3.2	14
	Engine Oil Capacity/L		0.35	0.6
	Spark Model Number		A5RTC	F7RTC/F7TC
	Starting Mode		Recoil Start	Recoil Start/Electric Start
Generator Set	LengthxWidthxHeight/mm		430x285x445	578x440x510
	Net Weight/kg		17	45

Bluetooth Remote Start with APP Standard on 4500W
