

Life Is On

Schneider
Electric

Turn your garage into a Smart Energy Hub

For homeowners

With Schneider Electric's residential solar solutions

solar.schneider-electric.com

Save money. Cut your eco-footprint. Simplified energy resilience.

Watch your investment performance and benchmark it to your expectations.

See your contribution on carbon reduction towards more sustainable future.

Manage your Smart Grid including virtual power plants and utility grid services.

Why choose Schneider Electric's solar products and solutions?

Future-Ready for Your Smart Home

Powerful solar monitoring platform
Access from anywhere
Leading compatibility

Simple user interface
Access from any devices
Advanced data security

20+ Years of Experience

We provide mature residential solar and storage solutions with unmatched reliability and 20+ years of experience

Long-Term Reliability

We provide you with robust, long-term and highly reliable solutions throughout the product's lifecycle

Schneider Electric's Ecosystem of Products and Solutions

Commitment to The Future

With our strong heritage in solar power conversion and energy management, we're committed to solar and storage as a mega trend in power generation

Solar + Storage Solutions

Secure power and optimize energy usage for self-consumption or time of use rates. Schneider Electric's Solar and Storage solutions are ideal for grid-tied applications with backup power.

Schneider Electric's solutions include storage inverter/chargers, solar charge controllers, monitoring and balance of systems, ensuring Life Is On everywhere, for everyone and at every moment.

MPPT Charge Controller

- Optimize the solar energy production
- Blackstart capability

Gateway & Insight 2

- Monitor and control your solar system locally or remotely
- Mobile app available

Conext™ XW Pro Storage inverter/charger

- Supports Smart Grid such as Rule 21 and PREPA
- Stores solar energy in batteries
- Provides backup power during power outages

EVlink Charging Station

Power Distribution Panel

- Save installation time and cost
- Maintenance without power loss

MPPT Disconnect RS

- Rapid shutdown solution
- For enhanced safety

Batteries

- Our solutions are compatible with multiple batteries, making it easy to design solar and storage systems
