

BATTERY MONITORING

ENERGY STORAGE SIMPLIFIED

EnergyTrak Battery Monitoring System

Simple battery-level monitoring and updates.

EnergyTrak™ provides advanced system monitoring through a streamlined mobile app that delivers real-time status and updates for Briggs & Stratton communications-enabled batteries. EnergyTrak gives you peace of mind, helping to ensure your batteries are healthy and operating as normal. Stay informed with detailed operating data, including remaining battery life/discharge time, fault and warning notifications. The EnergyTrak app also allows for automatic over-the-air software and firmware updates, professional fleet monitoring and keeps a history of events.

Why EnergyTrak?

- › Battery system monitoring
- › Fault notifications
- › Over-the-air system updates
- › US-based data warehousing
- › Robust cybersecurity

ENERGY SOLUTIONS

EnergyTrak Benefits

Business-Level User Account Management

Quickly give your team the tools they need while protecting your customers' information.

Customer Account Creation

Make it easy for your customers to connect with their system ... and with you.

Fleet Management of Multiple Customer Installations

Monitor your entire fleet of battery installs, helping you to address issues quickly and maximize battery system uptime.

Reliable Over-The-Air Updates

The EnergyTrak Gateway includes wired Ethernet, WiFi and on-board cellular connectivity for enhanced monitoring reliability and convenient over-the-air system updates.

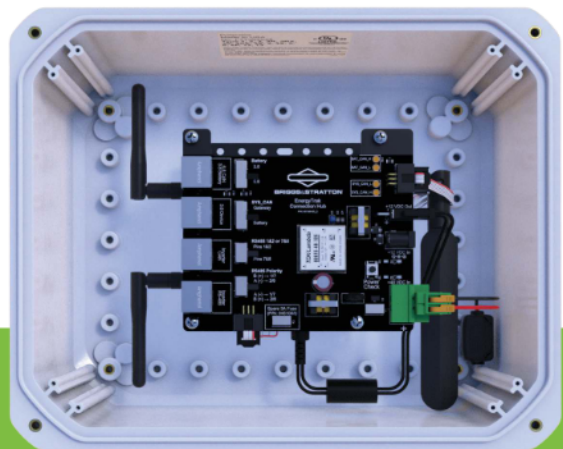

Advanced Cybersecurity

Ongoing penetration testing for vulnerabilities to ensure the security of your system and information stays ahead of ever-evolving cyber threats.

Battery System Monitoring & Notifications

Get the details and notifications you need for each customer's site.

New & Improved EnergyTrak Gateway

Redesigned Gateway greatly improves connectivity and installation. The new Connection Hub features easy plug-and-play connections with standard Ethernet cables. New on-board cellular connectivity improves monitoring reliability.

Expertise and Quality You Can Trust.

With 117+ years of experience providing power solutions, Briggs & Stratton is a brand homeowners trust. Our products are designed and engineered in the USA, and our customers can rely on us for exceptional performance and durability.

Our commitment to delivering the most powerful and reliable energy storage solutions in the industry ensures that you have the peace of mind you deserve when it comes to safeguarding your home's power supply. Say hello to a new era of energy storage and **keep powering forward™**.
