To Whom It May Concern,

The attached **Project Scope:4789808189 Enpower R2.0 - Alternate construction to Enpower 1.0** describes notice of authorization of UL mark and indicates the IQ System Controller 2 (internal Enphase program name Enpower R2.0) is an alternate in construction to IQ System Controller (formerly known as Enpower, internal Enphase program name Enpower 1.0).

This means that an IQ System Controller 2 may be used instead of an IQ System Controller (formerly known as Enpower) and serve the same functionality and safety.

Sincerely,

Marko Rosenfeldt
